

# No Man Wants to Pay Twice What An Article Is Worth!

Yet this is exactly what many men are doing today with clothing—paying twice what it is worth.

The "bugaboo" salesman says, "Yes, clothing is high—scarcity of wool, you know—high cost of labor," and other stock reasons, and the whole line of stereotyped reasons can be summed up in one word—that is—

## Bunk

It's true wool and labor are higher, but not to the extent many stores are charging for clothes, and if the salesman would say, "We buy our clothing six months in advance—we do not discount our bills or we are going to obey the injunction of the one-time popular song to 'When you are getting, why, git all you can'," he would come nearer the truth whether he knows it or not.

## CHANCERY DOCKET HEAVY AT BROOKHAVEN, MISS.

BROOKHAVEN, Miss., Sept. 12. (Sp.)—An examination of the docket of the chancery court for the coming term reveals the fact that there is going to be a good deal of business on hand for Judge Lamar F. Easterling when he convenes the fall term of the court next month. There is litigation of all kinds being filed in the chancery court, but the class of litigation most frequently met with is divorce cases. A great number of bills for divorce have been filed since the April term, and in many cases parties seeking divorce are no more than mere children, and have to come into court by a next friend. In one particular case the complainant alleges that she is only 16 years of age. In another case both the complainant and defendant are minors, according to the allegations of the bill. While the majority of these cases are being filed by negroes, there is a fair proportion of them being filed by white citizens—young people who have tried married life and found that it is not all that it is represented to be, and want their liberty.

## BERLIN GAMBLING WAVE TO TERMINATE SUNDAY

BERLIN, Sept. 12. (By the Associated Press)—Greater Berlin's wave of gambling will terminate Sunday, if an order issued by Gustave Noeske, minister of defense, suppressing public and private clubs, is strictly enforced. The provisions of this long expected order are sweeping violations of it being punishable by fine or imprisonment and no loopholes are left for pseudo clubs under camouflaged titles. The city is now honeycombed by such public and private resorts, fully three hundred fashionable apartments in the West End being occupied by such establishments. The order applies only to the military district of Greater Berlin.
